

CLASSES OFFERED

3 YEAR OLD

EARLY LEARNING CLASS

This class emphasizes early learning experiences, creative play skills, sharing, early independence, and sensory “hands-on” activities in a nurturing environment.

4 YEAR OLD

READINESS CLASS

This class provides many opportunities for active learning with an emphasis on pre-academic skills and developing awareness of self and others in a supportive setting.

4 and 5 YEAR OLD

TRANSITION CLASS

This class incorporates kindergarten and readiness skills including academic and pre-academic instruction, independent play, learning stations and hands on activities. Emphasis is also on developing survival skills needed for success in a school setting.

Prospect Child & Family Center offers high quality innovative preschool programs for children with and without disabilities. Expert knowledge is applied to provide developmentally appropriate opportunities for learning and socialization through an inclusive approach. Classrooms are child focused to meet the varied needs of all children enrolled.

PHILOSOPHY

- We believe that all children learn by being active participants.
- All children deserve a setting that meets their unique interests and needs.
- A wide range of learning materials and techniques are needed to foster a child's development.
- Learning environments are designed to meet the developmental needs of children and to enhance exploration, creativity and independence.
- Children deserve stimulating, challenging learning experiences provided in a warm nurturing environment.

PROGRAM FEATURES

- High quality preschool education for all children.
- Classrooms are staffed by certified teachers, early childhood educators and teaching assistants.
- Staff to student ratios support guided and closely supervised school experiences.
- Center and theme based instruction is incorporated within the classroom to facilitate active participation and learning.
- Availability of interactive computer systems to enhance language and cognitive development.
- Daily written communication with families.
- Observation booths are available to families to accommodate non-disruptive viewing and the right of families to be involved in their child's education.
